TITOLO TESI: Progettazione di un Centro Benessere in prossimità del Lago artificiale di San Ruffino.
Relatore: prof. Nicola Flora

Laureanda: Silvia Meloni

L'area dove ho deciso di intervenire segna l'ingresso ai Monti Sibillini. La mia idea sarebbe quella di intervenire nel territorio per riscoprire bellezze, di cui neanche i cittadini sono a conoscenza, e di conseguenza incrementare la richiesta di turismo. Innanzitutto, come primo intervento per poter concretizzare la mia idea, ho pensato di realizzare un Centro Benessere sfruttando una sorgente di acqua sulfurea poco distante dal punto in cui esso sorgerà. Tale struttura, fulcro del mio progetto, dà l'idea di essere incastrata nella collina, con la quale forma un tutt'uno. Essa è costituita da più volumi disposti su vari livelli, dove prevale un connubio tra arte e benessere. In secondo luogo vi è l'intervento riguardante il ripristino del tracciato ferroviario, e con esso la realizzazione di un trenino a scopo turistico, per collegare le varie strutture. Nel punto di partenza della linea ferroviaria, inoltre, verranno utilizzati degli edifici fatiscenti e convertiti in strutture ricettive.

CONCEPT SPA

This section contains several architectural diagrams and sketches for the SPA concept. At the top left, a site plan shows the location of the SPA relative to 'Lago di SAN RUFFINO' and 'VILLA di SAN RUFFINO'. It includes contour lines, a north arrow, and a scale bar. Below the site plan are two circular diagrams labeled 'SUN' and 'WIND', showing the orientation of the building. To the right, there are several architectural sketches. The first set, titled 'seNEVERE - ACQUA', shows a cross-section of a building with a large water feature. The second set, titled 'seNEVERE - ARTE', shows a cross-section of a building with a large art gallery space. Below these are two more sketches, one showing a plan view of a building with a large water feature and another showing a cross-section of a building with a large art gallery space. The sketches are labeled with 'ARTE' and 'ACQUA'.

SPA

This section shows a detailed architectural section of the SPA building. The drawing is a vertical cut through the building, showing the internal structure, including a large water feature on the left, a central staircase, and a large art gallery space on the right. The building is situated on a hillside, and the section shows the building's foundation and the surrounding landscape. The drawing is labeled 'prospetto EST' on the left and 'prospetto EST' on the right. The building is shown in a light gray color, and the water feature is shown in blue. The landscape is shown in a light gray color, and the sky is shown in a light gray color. The drawing is a detailed architectural section of the SPA building.
